

Text :

Mecca is a city in Saudi Arabia, a country in the Middle East. The city was the birthplace of the prophet Mohamed ( Peace Be Upon Him). Muslims all over the world turn toward Mecca to pray five times each day. It is the world's holiest city to Muslims. Because of that, only Muslims are allowed to enter Mecca.

Every healthy wealthy Muslim has to do a pilgrimage, to Mecca at least once. The pilgrimage, or *hajj*, is one of the five duties of every Muslim. The pilgrims visit the Great Mosque. In the mosque's courtyard is the holy Kaabah ; a small building with 15 metres high covered with a black cloth that is called Kiswa which is the symbol of Muslims unity. El Kaabah also contains the Black Stone of Mecca. It is said that the stone was from the paradise.

The millions of pilgrims who visit Mecca each year are important to the city's economy. Many city residents work at jobs providing food, housing, and other services to the pilgrims.
